Product Technician- 2025

Who we are:

Magellan Aerospace is a global, integrated company that provides complex assemblies and systems solutions to aircraft and engine manufacturers, and defense and space agencies worldwide. At Magellan we have over 80 years of collective knowledge and experience in the aerospace industry and believe one truth: People create value.

Magellan Aerospace Haley division is nestled in the Ottawa Valley one hour north of the Capital, Ottawa, Ontario [Haley Ontario - Bing Maps](#). We live in an Outdoor playground where there is no shortage of FUN for the Outdoor Enthusiast such as hiking, kayaking, canoeing, snowshoeing, skiing, snowmobiling, beaches and world class whitewater. The Ottawa Valley is truly an amazing area to live and enjoy nature!

Why Magellan?

Does working with a Team in an environment where you contribute to the successes of an organization entice you? Magellan Aerospace Haley Division is looking for new talent to join our growing team here in the Ottawa Valley.

What we offer

- Attractive Benefits package including Long Term and Short-Term Disability, Dental, Vision and Drug Coverage
- Company Pension Plan
- Positive Work-Life Balance
- Opportunities for Professional Growth
- Employee Assistance Program

Key Responsibilities

Join a Team That Builds the Future! We're seeking a hands-on and detail-driven **Product Technician** to support the development, testing, and improvement of our products. If you're passionate about troubleshooting, quality, and working closely with engineering and production teams—this role is for you! Collaborate with shop floor teams and customers to resolve issues.

- Assist in product assembly, testing, and evaluation according to design specs
- Perform inspections and quality checks during different stages of production
- Collaborate with engineering to identify and solve performance or design issues
- Document product testing data, processes, and improvements
- Maintain tools, equipment, and work areas to safety and operational standards
